

Summer 2017 REU GEOSCIENCES FIELD EXPERIENCES IN SOUTH AFRICA

An eight-week summer field course providing opportunities for science and engineering students to:

- Experience South Africa
- Gain exposure to the Geosciences by participation in geochemical and geophysical research
- Learn about career options in Geosciences

No prior background in the Geosciences is required.

Africa Array is an initiative to promote geophysics education and research in Africa. The field course is in conjunction with The University of the Witwatersrand, Johannesburg, South Africa (<http://www.wits.ac.za>).

May 25th - July 23rd, 2017

Cost: Free
